Rapid advances in cancer treatment have led to numerous innovations in supportive care. At the Annual Meeting, you'll discover what's new and what's on the horizon in the diverse and exciting field of supportive care.

The overall theme of the meeting is to 'Empower People Impacted by Cancer and Living with Toxicities'

8-11 July

ASEPTIC PREPARATION AND DISPENSING OF MEDICINES (APDM)

University of Leeds

The Aseptic Preparation and Dispensing of Medicines (APDM) course has been developed by NHS TSET (the Technical Specialist Education and Training group) and is facilitated by the University of Leeds. The course is designed to:

- meet the needs of pharmacy staff (pharmacists and experienced senior technicians) who are engaged in the aseptic processing of medicines
- cover the principles and practice of asepsis
- provide an update on knowledge of standards, practices and quality assurance arrangements relating to the aseptic preparation and dispensing of medicines

4-6 September

THE LEEDS COURSE IN CLINICAL NUTRITION

University of Leeds

This course is specifically designed to provide a thorough grounding in all aspects of clinical nutrition and:

- summarise national nutrition drivers to provide a foundation for the course
- increase awareness of nutritional compromise and its consequences; give practical guidance on assessment of patients, and discuss particular patient groups (surgical patients, those with irritable bowel syndrome, renal disease, eating disorders and liver disease)
- discuss practicalities of feeding in terms of ethics, different methods of feeding and understand more about different techniques to give artificial nutrition
- establish principles of nutritional importance in extreme clinical situations (short bowel syndrome, refeeding syndrome, parenteral nutrition)

7-10 September

46TH ESPEN CONGRESS ON CLINICAL NUTRITION & METABOLISM

Milan, Italy

The programme has been developed which will continue with the past traditions of innovation and improvement of nutritional care and education of all professions involved in the field of nutrition and metabolism
